WISER Newsletter

Most people who plan for retirement focus on how much money they will need to save but they tend to ignore the later years when the effects of aging start to impact their daily lives. WISER`s latest newsletter includes a feature article on "aging in place" and the issues you need to consider to ensure that you can live with security and independence. Also in this issue, read about financial steps to better plan for the "empty nest" phase of life and getting your important paperwork organized. [Download](#) the newsletter.
