GAO Releases Report on the Nation`s Retirement System

The U.S. Government Accountability Office (GAO) recently released a report, [The Nation`s Retirement System: A Comprehensive Re-evaluation Is Needed to Better Promote Future Retirement Security](#). According to the report, "Fundamental changes have occurred over the past 40 years to the nation`s current retirement system [and] these changes have made it increasingly difficult for individuals to plan for and effectively manage retirement." WISER President Cindy Hounsell was pleased to serve on a panel of retirement experts to help inform the report and provide insights on how to better ensure a secure and adequate retirement, with dignity, for all.
