Sonja Meets Her Future Self

"Sonja Meets Her Future Self" was developed in collaboration with the Wyoming Retirement System. It can be used in elementary school classrooms or simply shared with the children in your life. In the story, a young girl named Sonja travels forward in time and meets future versions of herself. Along the way she learns about the importance of saving and what it means to be retired. This booklet provides a multi-generational look at retirement planning and the valuable lesson of Save, Spend and Give. Sonja is an inspirational tale for women of all ages.
